

THE VILLAGE VIEWS

Living, Playing and Working in Harmony with Nature Since 1971

1 Aspen Circle, Innsbrook, MO 63390 • 636-928-3366 • www.innsbrook-resort.com

EDITION: July 19 to 25, 2012

Please Conserve Water

The aquifer that Innsbrook draws water from is at a low level resulting from the ongoing drought. While there is no immediate threat of losing water, several communities in our area have put mandatory water conservation practices into place. The St. Charles County Water District has also asked that citizens practice responsible water usage. Innsbrook asks that owners voluntarily conserve water by not watering lawns, washing cars or filling swimming pools or lakes.

EVENTS THIS WEEKEND

Sand Sculptures & Rock Skipping

Friday, July 20 at 6 p.m., Corlina Beach

Don't miss this annual family event! Bring your sand tools and creativity. Compete for the unique certificates and watermelons and take in the sights of fellow participant creations. Then try your luck at the newest addition to this annual event, rock skipping!

Outdoor Movie on the Beach

Friday, July 20 at 8:45 p.m., Corlina Beach

Join us on the beach for an outdoor showing of *Surf's Up* (2007), an animated feature that goes behind the scenes of the high-octane world of competitive penguin surfing. FREE. Bring lawn chairs. Ext. 180.

Camp Innsbrook: Let's Go Fishing

Saturday, July 28 at 10 a.m. (following swim meet), IBK Pool

One of the top 10 things every child should experience at least once in their childhood is catching a fish! Come to this Camp Innsbrook event at the Innsbrook swimming pool and get a jump-start on learning to fish. We'll create and decorate simple bamboo cane poles that you can take home, then try our luck at fishing off the Lake Aspen Stage. If you don't catch anything that day, don't fear. We'll provide some fishing tips, along with the best times and places to fish at Innsbrook, so you can use your pole later as well. FREE. Pre-registration is suggested by calling ext. 180 to ensure we have adequate materials. Rain or shine!

Summer Breeze Concert: Fabulous Motown Revue

Saturday, July 28 at 7:30 p.m., FH

Their name says it all: Fabulous. Motown. For years, Innsbrook audiences have raved about this band. They recreate the authentic Detroit Motown music and moves. They've

been walkin' the walk and talkin' the talk for the last 25 years. Together since 1986, this 16-piece band features a five-piece rhythm section, a four-piece horn section, four male vocals called 'Velvet' and three females called 'Satin' who resemble the sight and sound of the Temptations and Supremes. FREE. Bring lawn chairs. Concessions will be open. Rain or shine. Ext. 180.

HORSE CAMP

Sign up today for the new school at Innsbrook: Equuleus Natural Horsemanship and Performing Arts. NATURE NOTE

All About the Lightning Bug

Fireflies talk to each other with light. Fireflies emit light mostly to attract mates, although they also communicate to defend territory and scare predators away.

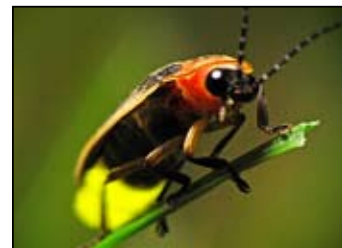

Fireflies produce "cold light."

Firefly lights are the most efficient lights in the world—100% of the energy is emitted as light. Compare that to an incandescent bulb, which emits 10% of its energy as light and the rest as heat.

Firefly eggs glow. In some species, the larvae and even the eggs emit light.

Fireflies have short lifespans. An adult firefly lives only long enough to mate and lay eggs—so they may not need to eat during their adult life stage. The larvae usually live for approximately one year, from mating season to mating season, before becoming adults and giving birth to the next generation.

Fireflies are found on almost every continent. Fireflies love warm, humid areas. They thrive in tropical regions as well as temperate zones—they come out in the summertime in these environments, like Innsbrook—on all continents except Antarctica.
