Barbara Nicholson: "In my pre- and early-teen summers, I lived at the Lake of the Ozarks. There I met an elderly professor, who was retired from a university in Switzerland. Every morning we sat in an arbor overlooking the lake, enjoying the scenery. The peace of Innsbrook has spurred me to return to Plein Air composition, in addition to my other hobbies of watercolor, sculpture, dress design, weaving and quilting."

INNSBROOK NEWS

Innsbrook's Little Red Library

Fall is here and so is the cool weather. What a perfect time to stop by the library and pick up some great reads for those days of staying in. Fiction, biographies, history, maybe romance. The library has them all! Just drop by and choose as many as you'd like. We ask that you kindly return them when done. The library is located between the stables and Farmhouse.

Welcome to the Aspen Center!

In the continuing spirit of moving forward and growing our community and business, Innsbrook leadership has decided to change the name of the Conference Center to the "Aspen Center". The building has undergone and will continue to undergo improvements to meet the expectations of property owners and meeting, wedding and banquet planners and guests. The name matches the rustic feel and modern amenities of the improved space. We hope you look forward to enjoying your holiday meals and dinner parties at the Aspen Center! Ext. 0.

Natural Gas Pipeline Right-of-Way Clearing

Soon, Southern Star Central Gas Pipeline will begin clearing the right-of-way of the natural gas pipeline they own and operate that runs through Innsbrook. The area they will be clearing starts at Highway F near the northeast corner of Lake Audubon and runs east through the golf course. Ext. 163.

Winter Hours Changes

The Clubhouse Bar and Grille will be closed for the months of December and January for remodeling and improvements. The Foxfire in the Aspen Center will be open for meals during this time (*see hours on page 4*). In the event of inclement weather, food service will not be available. The Pro Shop and golf course will remain open, weather permitting. Ext. 207.

Snow Removal - Sign up Today!

Get your name on the list for full-season snow removal service for your driveway (automatic snow clearing with snowfalls of 3"/\$40 per service). All property owners wishing to sign up for snow removal must also sign a waiver again this year, found at www.innsbrook-resort.com/property-owners/forms, before they are considered to be officially on the list. Call ext. 180 to sign up. (Starting in 2015, if you have already filled out a waiver, all you will need to do is call to confirm you would like to remain on the list.)

Donations for Animals in Warren County

Donation drive to benefit the volunteer-run Animal Welfare Association of Warren County (AWA). The AWA is very thankful for the generous donations they have already received from our property owners. No AWA member earns a salary and all donations go to the care and welfare of foster pets. With winter coming the need is magnified for cash donations, dog and cat food, treats, chew toys, leashes, crates, bedding, old blankets, towels, water bowls, kitty litter and cleaning supplies. There is a need for an animal shelter in Warren County and all AWA foster homes are full. If you would like to foster a dog or cat please contact the AWA at startingover@centurytel.net. Learn more at www.animalwelfareassociation.org. Pictured is 8-year-old Shetland Sheepdog Sheltie mix, Cici.

Please note that these are property owner-run and organized clubs and events. If you have club news you'd like to share, call ext. 180 or email information@innsbrook-resort.com.

NATURE NOTE

Roadside Hawks

As you drive on Highway F towards Innsbrook, it sometimes seems that hawks are everywhere — perched on telephone poles, fence posts or circling overhead. The typical hawk you'll see is large — about two feet tall. If you look hard, you may be able to average as many as one sighting per highway mile.

Hawks use open roadside to scan the surrounding fields for mice and other prey. As a result, you're better able to see them. The roadside grass, being shorter, enables the hawks to spot their prey more easily, too. Winter is the best season for watching hawks because many have migrated in from the north. They stand out as you scan the stark landscape.

If someone in the car asks you what kind of hawk you are seeing, just say "red-tail" (pictured) and nine times out of ten you will be correct. Try to get a view of the adult's rust-colored tail.
