FIREWORKS

EXTRAVAGANZA

Welcome

In this program you will find all the information you will need to enjoy the Independence Day weekend festivities at Innsbrook. Included are schedules and descriptions of our traditional events, plus some special additions.

We have also included a directory of contacts that we recommend to our property owners. We hope this is a booklet that you will keep on-hand through the rest of the year as a quick reference guide.

We will celebrate Independence Day with a grand fireworks display, made possible through many generous donations and underwritten by Innsbrook Corporation. Please make special note of the sponsors listed in this program. They deserve the ultimate thanks for the beauty of this year's fantastic display.

Rain Won't Stop Our Fireworks

We will do everything we can to present the show on the scheduled night. Lightning will delay the show. Be sure to check Facebook or follow us on Twitter @InnsbrookResort for updates during the show on delays. Find the links at **www.innsbrook-resort.com**.

Personal Fireworks are Prohibited

We all love our fireworks and the time with our families, but please note that personal fireworks are prohibited within Innsbrook's gates.

We hope you enjoy the show, and look forward to seeing you throughout the year at our various celebrations and events!

"Freedom is the open window through which pours the sunlight of the human spirit and human dignity."

Herbert Hoover

Dear Friends & Neighbors,

Welcome to the 2023 Innsbrook Fireworks Extravaganza!

We have been celebrating our Nation's Independence at Innsbrook for over 45 years. Our first shows were presented from the south end of Lake Lucerne to the delight of hundreds. Each shell was placed by hand into a mortar tube, lit, fired, then the process would repeat as each and every starburst was greeted with OOHs and AAHS. From these humble beginnings, we learned the importance of providing a display that would inspire Innsbrook homeowners to share this holiday with those most important to them.

Now, more than ever, Fireworks remain one of the few ways we can escape our fast-paced, technology-laden lives to enjoy a multi-generational family activity full of beautiful colors and bright lights.

In 2021, we commissioned the "Mother Ship" firework barge to move the show from the shores of Lake Aspen's Firework Point to a central point directly on the lake. Along with smaller satellite floats, we now present a display that can be viewed as a true "Theater In the Round" for one of the finest community experiences in the Midwest.

We are honored to have the return of the Starfire Fireworks display company and its pyrotechnic magicians. Their origins began with learning and training under old-world masters and now combine the latest in technology, domestic and globally sourced fireworks.

Our show's designer is the returning, world-renowned and internationally acclaimed, Ralph Piacquadio. This

is Mr. Piacquadio's fourth display for Innsbrook. This year, he is featuring shells from Spain and China set to a unique soundtrack produced specifically for the Innsbrook community. Look for the dazzling choreography as light and sound moves from location to location upon the water and into the sky!

It should be noted that this very special Innsbrook tradition would not be possible without the support from homeowners, vendors, and other partners who help fund the expenses for this year's production. Their generosity allows the IBK Nation to come together in this special way each year. Please thank those who contributed and remember the businesses listed in this program.

Enjoy the show, and I wish you all a very happy and safe Independence Day weekend!

HISTORY OF OUR COMMUNITY

The history of Innsbrook is a tale of dedication, love of nature and family, and growth and change across more than five decades.

The Early Years

Innsbrook began as a dream for late founder Ed Boyce. A dream to bring the charm and serenity of Colorado's A-frame cabins right here to the Midwest – a weekend getaway

from the never-ending hectic pace of city living, less than an hour from St. Louis.

Joining Boyce in making the Innsbrook dream come true in the '70s were Warren Wobbe, Sr. and Les Buechele, who through their own blood, sweat and tears, alongside their families and associates, built hundreds of A-frames, constructed lakes, built tennis courts and completed roads.

About Innsbrook

The name "Innsbrook" is a nod to the capital of Austria's Tyrol region, another place where beautiful A-frames can be found clustered around small lakes.

Building from Innsbrook's humble A-frame origins, they developed permanent residences, condos and villas when there was demand for year-round and vacation homes. Then came the cottages as an in-between option.

Transition Over the Years

A true family endeavor, the late '80s saw the addition of Boyce's son, Charlie, and Wobbe's son, Warren "Chip" Wobbe, Jr., to the Innsbrook Corporation. Years of hard work and

learning from the best led them to carry the torch to where they are today, as Chairman and CEO of Innsbrook

(Boyce) and President of Innsbrook Corporation (Wobbe).

In 1998, after much planning, discussion and petition-gathering, Innsbrook made it official and incorporated as a village, as approved by Warren County.

Innsbrook Expansions & Amenity Additions

With more than 100 lakes, two still manage to stand out. 150-acre Lake Aspen is the focal point of the east side of the development, which is also home to a public 18-hole golf course, Clubhouse Bar & Grille and the banquet/event center.

As Innsbrook continued to expand to the west side of Highway F, along came Alpine Lake in 2000 – a 236-acre beauty and Innsbrook's largest body of water.

The Charrette Creek Commons – a family activity-oriented amenity complex opened in 2016. A hub for community

togetherness, Charrette Creek Commons is home to a swimming pool and lazy river, fitness center, the Summerhaus poolside eatery,

outdoor amphitheater, children's playground and more.

In 2018, the excitement continued with a new region of recreational and residential properties. The newest area of development is named "Tyrol" in honor of Innsbrook's home region, which connects western Austria to northern Italy. A Tyrolean entrance off of Stracks Church Rd. allows access to the area.

In 2020, the Aspen Center has added the beautiful Sycamore Terrace, an expansive room with 180 degree views of Lake Aspen, perfect for weddings and other special events.

This year saw the addition of the Treehouses of Talblick, a brand new type of home in the Tyrolean area of Innsbrook. This all-new concept blurs the lines between stylish contemporary home design and your childhood dream

hideaway high above the forest floor. Phase I opened with 12 lots and an additional 22 lots were offered in Phase II. Each that feature dramatic elevation changes with stunning bird's-eye views. Phase III lots are available now.

Also in 2022, Innsbrook opened the brand new Market Cafe and Creamery, a coffee shop serving your favorite brews and snacks next to the Country Market. The old fire station was renovated to expand the offerings at the Market, which now includes the cafe/coffee shop, convenience store, and boutique. This replaces the Aspen Cafe which was at the Aspen Center. The Market Cafe and Creamery features Starbucks brand drinks, hot and cold foods, ice cream and other sundries.

2023 marked the opening of the Tyrolean Oasis, a new community pool in the Tyrol area. This play pool is shallow enough for kids, but quiet enough for adults who just want to relax. The cabana building boasts two restrooms, and there are picnic tables for guests to sit at and eat if they choose.

Everyday is a Vacation

With more than 7,500 acres (that's over five-and-a-half times the size of Forest Park!) and more than 100 lakes (with even more to come!), Innsbrook is a wonderful, one-of-a-kind recreation-centered community that we look forward to sharing for years to come.

Tyrolean Sonnen Haus

EST. 2023

For more than 50 years, Innsbrook has championed creative home designs for secondary and primary residences. Drawing on decades of expertise, Innsbrook is adding a new product to its portfolio in the form of a sleek and contemporary two-story monolithic home.

Introducing the next evolution of Innsbrook properties, the Tyrolean Sonnen Haus. This all-new concept combines the modern exterior of a treehouse with cozy interior elements of a cottage into one convenient and comfortable residence that can transition from a vacation home to a permanent residence, 365 days a year. Offered in three and four bedroom models, each home will display an open floor plan featuring an artist loft, sloped ceilings, and a wooden beam decorating the highest point of the interior. LP ExpertFinish vertical board and batten siding, metal roofing, decorative timber overhang details, and stone masonry will border the base of all four exterior elevations, adding a touch of Innsbrook flair to a modern home design resting in the heart of nature.

Focused on open spaces and natural light, the options of contrasting exterior and interior palettes, paired with simple, geometric lines, enhance the modern design while creating a striking visual effect. Sliding glass doors from the family room and primary bedroom will open to a composite deck and/or patio that lines the entirety of the back elevation, while oversized windows allow for natural light to adorn the indoors.

Both plans offer a designated list of upgrade opportunities for owners to choose from, including a screened in patio, corner fireplace in the family room, and much more. Located in the Tyrolean region of Innsbrook, this area offers its own security entrance, freshly paved roads, and is in close proximity to the amenity complex, multiple lakes, nature trails, and a brand new swimming pool.

The first community of its kind is made up of 21 lots that are available for purchase now. To learn more about the Tyrolean Sonnen Haus, or additional Innsbrook properties, contact one of Innsbrook's expert agents at 636.928.3366 ext. 9199 or email property@innsbrook-resort.com. Or, explore Innsbrook without an appointment from 9 a.m. to 5 p.m., seven days a week, or virtually at innsbrook-resort.com.

Brandkamp Cabinets, LLC is a family owned and operated business, providing custom wood products to the area since 1964. We offer custom-built cabinets for new construction or remodeling projects.

Treehouses of Talblich

EST. 2021

Innsbrook began with a small cluster of A-frames and a few like-minded families who dreamed of an escape where they and their kids could explore nature's wonder away from the worries of modern life. The definition of modern life has changed quite a bit in the intervening decades, but that founding dream continues to converge with reality every day for Innsbrook families. Our adventure westward in the Tyrolean Region continues with Treehouse expansion and future development plans on the horizon.

Primary residence or vacation retreat? The choice is yours! For more information on the Treehouse development or to hold a lot for a future build, contact your Innsbrook Properties agent to get all of the details. Visit <https://www.innsbrook-resort.com/real-estate/communities/treehouses/> or call 636-928-3366 ext. 9199.

The future of Innsbrook has taken flight, soaring high above the Tyrolean forest floor, with additional westward expansion in sight. Treehouse models blur the lines between stylish contemporary home design and your childhood hideaway floating amid the treetops. The first community of its kind has been developed in three phases, with 13 wooded lots in Phase I, 22 lots in Phase II, and 25 lots in Phase III, each featuring dramatic elevation changes with stunning bird's-eye views.

Ranging between 1,000 and 1,600 square feet, treehouse plans are offered in one, two, or three bedroom models, each boasting maintenance-free siding with two roof line options, designed to put a modern twist on a home hidden within nature's shadows. Treehouse plans offer a designated list of upgrade opportunities for owners to choose from. Depending on lot placement, basements are now an additional upgrade option, adding even more square footage with the same incredible views.

Innsbrook community a
Happy Independence Day!**

Golf Course Upgrades & Par Bar

PAR BAR EST. 2021

New technology has hit the course this year in the form of four-wheels. Players are now able to ride through their nine or 18-holes of play in a new fleet of Club Car golf carts featuring a GPS system. The new carts bring wonderful improvements to the playing experience at Innsbrook.

Now, there will be no more searching for yardage markers or making sure your laser range finder catches the flag to determine your distance – that information and more will be right in front of you as you pull up to your golf ball.

These new carts will also help our staff better manage the golf course and improve maintenance practices. These systems will allow golf course management to track all golf carts, monitor the pace of play, restrict parts of the course where carts are prohibited, and send messages to specific golf carts and players from inside the pro shop.

This high level of technology will deliver helpful and real-time location information for players to manage their pace of play and plan their next shot, as well as a cost-effective and efficient communication system for golf course management to instantly communicate with players.

Now that the new golf carts are here, we want to make certain everybody is enjoying the full benefits they provide. Moving forward, private golf carts will not be allowed on the golf course, with the exception of those players who purchase annual passes.

Par Bar and Patio

In 2021, the Par Bar rolled its way into its VIP parking space at the turn and end of the 18th hole, providing a literal meal on wheels for property owners, players, and guests alike. This year, the Par Bar is back and better than ever with delicious

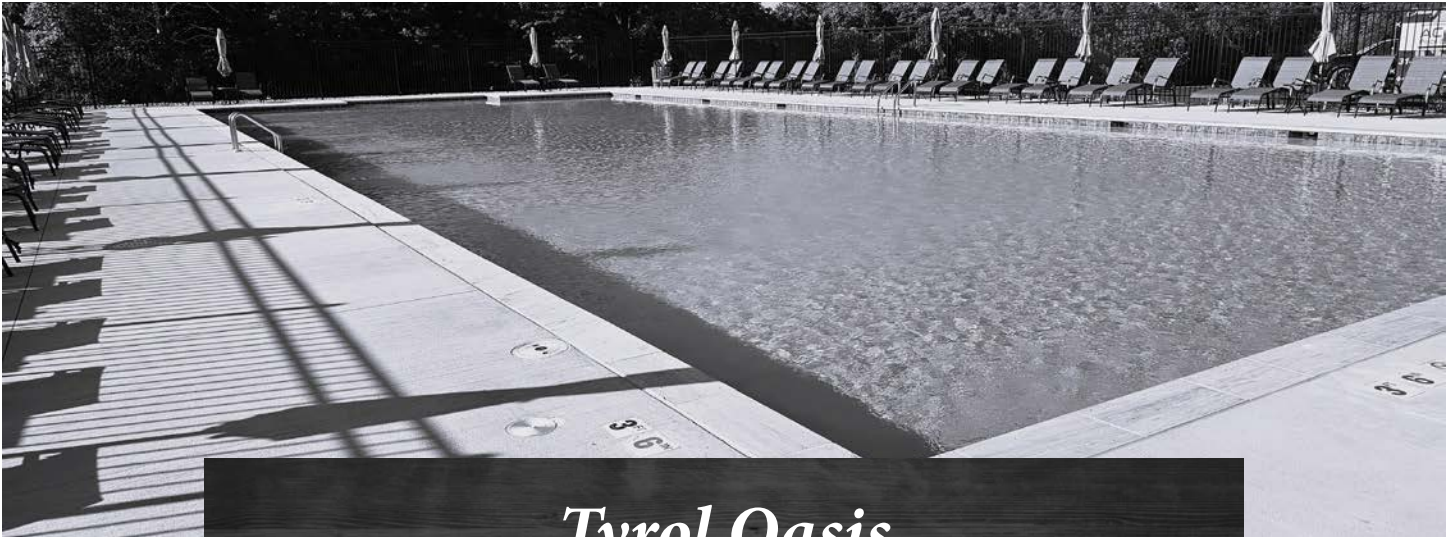

new menu items, a line-up of summer events, and an eager staff of Innsbrook all-stars ready to please palates with their easy-to-eat and on-the-go favorites.

The unique “19th hole” food truck features delicious golf-themed items and ice-cold beverages. Patrons can experience a “Caddy Shack” meal with “The Bill Murray” bratwurst, or get a little taste of Augusta with the “Master” turkey and provolone sandwich. Par Bar originals including the Par Bar premium burger, “The 18th Hole” smoky brisket burnt ends sandwich, and Innsbrook’s popular funnel fries are just a few of the other menu options bursting with flavor.

Along with the new additions to the menu, patrons can now enjoy lunch and cocktails on the expanded patio right outside of the pro shop doors. Recently outfitted with a custom pergola, cozy course-side seating and outdoor games, the patio serves as the perfect place to relax on a sunny Saturday afternoon surrounded by the scenic views of the championship golf course.

With a focus on providing the Innsbrook community and guests a unique outdoor dining experience, patrons can expect a summer calendar sprinkled with dinner specials and live music on Wednesday evenings, along with pop-up events and parties at the Par Bar.

Tyrol Oasis

EST. 2023

Cool down as the summer heats up at the new pool site in the Tyrolean region of Innsbrook, the Tyrol Oasis! The new swimming spot features a shallow play pool design, with shallow depths on each end and only reaching four-foot deep waters in the center.

Soak up all of the summer sunshine while lounging by the water from sun up, to sun down, seven days a week.

The new pool site is located on Tyrol Ridge Drive. Concessions are not available, but personal coolers and snacks are welcome into the pool area. Glass bottles or containers are not permitted.

Please be aware that no lifeguards will be on duty, swim at your own risk.
