Innsbrook Property Wellness Checks

These checks make sure that inexpensive preventive maintenance does not become costly emergency maintenance. Each wellness check is available for \$115. There will be no repair work done during these visits. A check list of items inspected will be submitted to the homeowner with an invoice following the check-up. To schedule your property wellness check, please visit <https://bit.ly/3THDGO6>. Call ext. 9150 with any questions.

Important Information About Your Innsbrook Alarm System

In a continued effort to eliminate malfunctioning and outdated alarm systems, beginning in February 2024, Innsbrook Utilities will be contacting individual residents to inquire about upgrading to the new system or opting out of monitoring. After two months, if the resident has not shown any interest or has opted out, the resident will have their alarms disconnected. Those that have signed contracts for a new alarm system or are actively pursuing an upgrade will continue as planned.

Innsbrook Utilities will reach out to the entire Innsbrook community before the end of the year. At the beginning of 2025, the outdated systems will be turned off completely, except for those in the queue to be upgraded or show active interest in upgrading. This project is designed to lower Innsbrook residents' yearly costs from obsolete systems that are currently maintained for and monitored by Innsbrook assessment funds.

If you are unaware of the type of alarm system your property has and whether updates are needed, please email alarmsystems@innsbrook-resort.com and visit your Property Owner Portal at <https://ibkapps.innsbrook-resort.com/ibk-resident/>.

Owls at IBK

It's about time for local Barred Owls to nest. Luna, the female who nested last year is back! She has been checking out the house this week. Once she lays the eggs, it should take about ten weeks or so for the owlets to fledge. Follow her journey here, in the IBK Explorer, and check out the "Innsbrook Fun Friends" Facebook page for more!

The weather cooperated last week and the IHS barn reconstruction crew got busy. Pictured are the first five support posts for our soon to be rebuilt 19th century barn. Several new volunteers have been welcomed to the crew recently.

If you want to help, don't hesitate to text us your email address to be added to the notice of our work schedule. Typically, the crew works two to three days per week for four to five hours each day. The weather forecast looks positive, so you should see steady progress over the month of February.

If you're not able to help at the barn site, you can still play a big role by supporting the project financially. If you're already a member of the IHS, thank you. If not, please consider it by going to our website at www.innsbrookhistoricalsociety.org and downloading the membership application. You can also pick up an IHS flier at The Market Cafe and Creamery which contains the application.

Membership is the primary source of revenue for the organization. Your support is needed and more importantly, appreciated. If you have questions about membership or any other questions about the IHS, don't hesitate to call Dave at 314-704-7001.
